

Bactojoy

Probiotic dragees with milk chocolate glaze

Bactojoy probiotic dragees with milk chocolate glaze is a new probiotic product to build good immunity while providing a favourable gastrointestinal balance. Suitable for children over 3 years old.

About probiotics and Bulgar Biotic:

We live in times of stress and uncertainty. We are in a hurry, we work, we win, we laugh, we struggle with our emotions ... Until one day we realize that we are about to lose the most precious gift given to us at birth - **health**. That is why Bulgar Biotic turns to **Lactobacillus bulgaricus** - the first natural probiotic in the world. The long and healthy life of the Bulgarian people was the result of the daily consumption of fermented milk and other lactic acid products produced in Bulgaria, which still remain the most beneficial for the Bulgarians.

Combining the old traditions of extracting **the most valuable natural ingredients and advanced production technologies**, Bulgar Biotic offers the highest quality probiotics under the brand name "Bactojoy" and with Lactobacillus bulgaricus!

Our mission is to help people feel healthier, more energetic and smiling.

Product description:

Bactojoy probiotic dragees with milk chocolate glaze is a new generation of probiotics made in Bulgaria on the basis of **the authentic Lactobacillus bulgaricus**. An innovative formula for a balanced start and subsequent **natural protection for the body**, specially developed for children. Helps **maintain the beneficial intestinal microflora of the digestive system** in adolescents. Stimulates the construction and **maintenance of natural immunity**. It has a nice milk chocolate taste and is suitable as an addition to other dishes - snacks, desserts and more.

In what case it is offered to the client and how it helps:

- Maintains a favorable gastrointestinal flora;
- Aids the gastrointestinal tract in diarrhea of different types;
- Has a calming effect on long journeys;
- Change of Seasons;
- During antibiotic treatment and after antibiotic treatment;
- Constipation.

Key benefits:

- The activity of micro-organisms is **3x10⁹ cfu/g**, by date of production;
- **A unique combination of probiotic strains** of the Lactobacillus family and Bifidobacterium to achieve the most beneficial effect on the infant and kid's gastrointestinal flora.

Quality guarantee:

Bulgar Biotic is an innovative company, specialized in production of probiotics and probiotic products with a professional look at the traditions and the latest developments in science. The production is based on the old Bulgarian traditions and the latest modern technologies. The team is comprised of leading scientists and technologists who control all processes and monitor the highest quality and utility of each product.
